## **Chapter G2 Gatherings:**

### **Meeting Times (6:00pm dinner, 7:00pm meeting starts)**

On the first Tuesday every month, G2 meets to discuss Chapter, GWRRA and ride information **We have changed the location 3/2016 to The Buffet Palace (3202 I-30, Greenville, TX 75402)** This has been the main Chapter meeting historically.

On the Third Tuesday every month G2 meets at Napoli's Restaurant in Wylie. (701 N Hwy 78, Wylie, TX 75098) - (972) 442-4653. This is a satellite location started in May 2016 created to help GWRRA members who are unable to make the Greenville or McKinney gatherings

*In general the multiple location idea is what is being used in other states where geographically GWRRA Members are dispersed and small in numbers. Our Chapter usually meets multiple times for dinner anyway; this just allows more people the opportunity to participate in the chapter's affairs.*

## From Your Chapter Director,

Since we last met in both Greenville and Wylie, the 2016 Rally season has begun! The 17<sup>th</sup> through the 19<sup>th</sup> of March we had the Region “H” rally in Marshall Texas, and we had the Louisiana District Rally in Lafayette, LA.

While the Marshall Rally was hurting for both attendees and Vendors, the Louisiana Rally was well attended and had some of the annual vendors. This was in spite of some terrible rain storms that crossed through the region and over the path between Dallas and Lafayette. Riding the in rain is nothing new for Donna and I, but some of the storms we avoided, were something to behold. Just north of Natchitoches, LA, We were making good time but saw darkened storms ahead. My cell phone (displaying the radar signatures ahead) showed brightly colored storms and we decided to don our rain gear. We switched the radio over to the weather band and pulled under an overpass to get changed. The weather band was issuing sever weather alerts and advising folks take shelter. Tennis Ball sized hail was being discussed as a possibility. We hung tight, out of the rain and waited for a few minutes for the dark skies to lighten up south of us. This was a good decision! As we passed the exit for Natchitoches we were seeing hail on the side of the road, quarter sized at best but quite a bit coated the grass and it was causing “Hail Fog”. This was a new experience, but I had just read about this phenomenon. Pretty neat stuff, and I was proud of the way we thought through our reaction to the dangers. We did have rain a good part of the remaining route, but nothing we could not handle.

Red and the Louisiana bunch was awesome as usual, with music, dancing, and a live alligator! But we had another surprise! A prospective member of G2 had decided to ride down and attend this rally with us. This was Max Schlesinger, a new GWRRA member who was looking for a chapter to ride with. Max has lived here for a long time (Richardson) but had just recently purchased a 2012 Honda Goldwing. Max rode in on Friday afternoon on his Red bike after dealing with quite a bit more rain than we had but was none the worse for wear. After a firm handshake greeting and my wife’s standard GWRRA hug, we got a chance to sit down and chat for a while. Max has been looking for riding opportunities and I am hoping to help him keep that bike rolling!

I took Max on a ride I had taken Tommie, Judy QP, and Vicki last year, out to the Baton Rouge area for a ride from Grosse Tete (Big Head), down 77 and around to the Mississippi and then back. One fine ride!

One thing I did drop on Max, and he agreed to, was that we were planning on riding to New Orleans after closing ceremonies on Saturday, and sample Café Du Monde Coffee and Beignets on Sunday Morning before we rode home... NUTS HUH?!? My first WTF (Whiskey, Tango, Foxtrot) ride for the heck of it! I plan on making this a regular part of riding life for Donna and I. I dare each one of you to consider it! 528 miles and rolled into the garage about 9pm. Some of my other ideas will challenge folks on distance and sanity! I plan on reaching out to other chapters and riding groups looking for riders for this subgroup.

*Ride safe, ride often!*

## From Your Chapter Educator

Greeting Road Runners,

Chapter M (Mansfield) welcomes Chris Shoenthal as their new Rider Educator. Chris is replacing David and Ginny Topley, and we appreciate all they have done for the Moonlighters and Chapter M.

This month's resource contains several good articles to spur your ideas. It is the safety article section from Cycle Connections online magazine.

<http://76.12.53.172/articleDetail.asp?TypeID=24&PageId=49> . Good food for thought.

Have you registered for the Texas District Rally yet? We will need "all hands on deck" to make this a success and FUN for all participants. There will be a Level 4 luncheon on the Saturday at the Rally. I encourage you to register early for the rally, as a head count has to be turned in for the lunch by May 9.

This month I decided to do a review of brakes and braking. As all of you know we depend on traction to keep us balanced on a motorcycle. This is accomplished by being on the throttle or on the brakes, and of course if we are not moving we use our feet to balance. We also know total stopping distance consists of three parts; Perception, distance, reaction distance, and braking distance. When we brake we apply appropriate pressure to both brakes to get us to slow or to stop. How we apply the correct pressure depends on our type of brakes and what skills we process. One point that is under discussion to put it politely is do we use 2 or 4 fingers on the front brake. Old school says four fingers that was when you had drum front brakes. Now with single disk or dual disk with ABS they say you can use 1 or 2 fingers to brake as you don't need the same pressure to get the same result with 4. This is true for the most part for normal braking. You use what you practice or develop thru what I like to call muscle memory. In other words, it's an action that you do subconsciously without thinking about it. What do you do in an Emergency situation? What I have experienced with many thousands of students that if you panic as in realizing you have to stop now you reach and grab the front brake with all four fingers. If you are used to only using 1 or 2 fingers guess what happens? That's correct you over pressurize the front brake and usually lock it up resulting is you going on an unplanned trip. (Yes you can skid anti-lock or ABS brakes).

What you have to do in order not to crash is practice emergency stops. One of the things I learned in the military is you practice something enough that is how you will react when you panic or are in an emergency situation without thinking about it. The best way to accomplish this is to set up a brake chute and practice quick stops. Start out with your speed low till you get used to going faster and applying brakes more aggressively. The chute should consist of a start point, a braking point and enough space to brake without running into anything. Do not look directly at the breaking point but keep your head and eyes looking forward then when you lose whatever you put down for a braking point out of your peripheral vision come to a stop as quickly and safely as you can. Another way is to have someone at the end of the chute giving you stops signal at different times simulating something pulling out in front of you. Make sure you are both coordinated with each other on what to do. If you have any thoughts on this, I would be glad to hear them. Have a great month and ride safe.

## From Your Regional Directors

It was good to see so many of our friends at the Marshall Rally. It was also great to meet so many new ones. It was busy, but we had a great time. What about that welcome party downtown? Wasn't that great? And for those of you who hung around until the end, the free ice cream provided by one of the downtown merchants to about 30 wingers was awesome.

We would like to thank all our volunteers and our Region Team for making it such a success. We are now planning next year's event which will again be held in Marshall. What? Marshall again you ask! Well, you just can't find a location that is centrally located, with easy access, an adequate supply of moderately priced hotels, great food choices and such a great group to work with as the Marshall Convention and Visitors Bureau. Thanks to Sarah O'Brien and her staff. They did an excellent job for us. Next year's theme will be "Boogie Down to Marshall". Marshall is the home of "Boogie Woogie", so this will be a great theme.

We have a lot of pictures from the rally but we will have to wait until the next newsletter to get them in. Since we have returned home, I have been faced with filling in for a sick boss, trying to recover from a computer virus at work, and working on a flooded rental property. We love GWRRA, but the job pays the bills. Know what I mean?

We had some great talent at the Region Talent show. If you have an act that you would like to take and perform at Wing Ding, please get it entered in the talent shows in KS, TX or AR. If you can't make one of these, have it videoed and sent to me before the end of June. If you are creative and have a great idea for an entry but don't have enough folks to man it, let me know and we will help you assemble a cast.

As a special bonus to our talent show, we had our first annual District Challenge. KS took the prize with their now infamous lip sync rendition of "Home, Home on the Range". I will never be able to throw a football with my grandson again! You just had to be there.

There are a lot of activities going on in April.

### A Bit of Humor

#### *The Hunnert Mile an Hour GOAT*

Two West Virginia rednecks are out hunting, and as they are walking along they came upon a huge hole in the ground.

They approach it and are amazed at the size of it.

The first hunter says, "Wow, that's some hole; I can't even see the bottom. I wonder how deep it is?"

The second hunter says, "I don't know. Let's throw somethin' down there, listen and see how long it takes to hit bottom."

The first hunter says, "Hey, there's an old automobile transmission over there.

Give me a hand, we'll throw it in and see."

So they pick it up and carry it over and count one, two, three and heave it in the hole. They are standing there listening, looking over the edge, when they hear a rustling behind them. As they turn around, they see a goat come crashing through the underbrush, run up to the hole and, without hesitation, jump in headfirst.

While they are standing there staring at each other in amazement, peering into the hole, trying to figure out what that was all about, an old farmer saunters up.

"Say there," says the farmer, "You fellers didn't happen to see my goat around here anywhere, did you?"

The first hunter says, "Funny you should ask, but we were just standing here a minute ago and a goat came running out of the bushes doin' bout a hunnert miles an hour and jumped . . . headfirst into this here hole!!"

The old farmer said, "Naw, that's impossible ... I had him chained to a transmission.

## A POEM THAT WAS US

*A little house with three bedrooms,  
One bathroom and one car on the street  
A mower that you had to push  
To make the grass look neat.*

*In the kitchen on the wall  
We only had one phone,  
And no need for recording things,  
Someone was always home.*

*We only had a living room  
Where we would congregate,  
Unless it was at mealtime  
In the kitchen where we ate.*

*We had no need for family rooms  
Or extra rooms to dine.  
When meeting as a family  
Those two rooms would work out fine.*

*We only had one TV set  
And channels maybe two,  
But always there was one of them  
With something worth the view*

*For snacks we had potato chips  
That tasted like a chip.  
And if you wanted flavor  
There was Lipton's onion dip.*

*Store-bought snacks were rare because  
My mother liked to cook  
And nothing can compare to snacks  
In Betty Crocker's book*

*Weekends were for family trips  
Or staying home to play  
We all did things together –  
Even go to church to pray.*

*When we did our weekend trips  
Depending on the weather,  
No one stayed at home because  
We liked to be together*

*Sometimes we would separate  
To do things on our own,  
But we knew where the others were  
Without our own cell phone*

*Then there were the movies  
With your favorite movie star,  
And nothing can compare  
To watching movies in your car*

*Then there were the picnics  
at the peak of summer season,  
Pack a lunch and find some trees  
And never need a reason.*

*Get a baseball game together  
With all the friends you know,  
Have real action playing ball –  
And no game video.*

*Remember when the doctor  
Used to be the family friend,  
And didn't need insurance  
Or a lawyer to defend*

*The way that he took care of you  
Or what he had to do,  
Because he took an oath and strived  
To do the best for you*

*Remember going to the store  
And shopping casually,  
And when you went to pay for it  
You used your own money?*

*Nothing that you had to swipe  
Or punch in some amount,  
And remember when the cashier person  
Had to really count?*

*The milkman used to go  
From door to door,  
And it was just a few cents more  
Than going to the store.*

*There was a time when mailed letters  
Came right to your door,  
Without a lot of junk mail ads  
Sent out by every store .*

*The mailman knew each house by name  
And knew where it was sent;  
There were not loads of mail addressed  
To "present occupant"*

*There was a time when just one glance  
Was all that it would take,  
And you would know the kind of car,  
The model and the make*

*They didn't look like turtles  
Trying to squeeze out every mile;  
They were streamlined, white walls, fins  
And really had some style*

*One time the music that you played  
Whenever you would jive,  
Was from a vinyl, big-holed record  
called a forty-five*

*The record player had a post  
To keep them all in line  
And then the records would drop down  
And play one at a time.*

*Oh sure, we had our problems then,  
Just like we do today  
And always we were striving,  
Trying for a better way.*

*Oh, the simple life we lived  
Still seems like so much fun,  
How can you explain a game,  
Just kick the can and run?*

*And why would boys put baseball cards  
Between bicycle spokes  
And for a nickel, red machines  
Had little bottled Cokes?*

*This life seemed so much easier  
Slower in some ways I love the new technology  
But I sure do miss those days.*

*So time moves on and so do we  
And nothing stays the same,  
But I sure love to reminisce  
And walk down memory lane.*

*With all today's technology  
We grant that it's a plus!  
But it's fun to look way back and say,  
HEY LOOK, GUYS, THAT WAS US!*

*We Old Timers Did OK, Right?????*

## From Your District Directors

We had a great time at the Region Rally in Marshall, Texas. Our next stop is the Louisiana Rally in Lafayette on March 31st. Then we will head to Texas Chapter O weekend rally in Fredericksburg Tx. At the Lady Bird Johnson Municipal Park on April 9th.

Congratulation TEXAS! Our very own Texas District Couple of the Year was chosen to represent Region as the Region Couple of the Year. It was a hard decision for all of the judges, but Randy and Kathy Reese did Texas proud. They were great. They were having a lot of fun and it showed. We can't wait until next year to see them make the International Couple of the Year (we know they will)

OH, TEXAS is not done yet! Within the Texas District, Chapter C was named at the Chapter of the Year for 2015. When we were at the Region Rally all five states within our Region (Texas, Louisiana, Arkansas, Oklahoma and Kansas) had their District Chapter of the Year present. Guess What? Texas Chapter C was selected as the Region H Chapter of the year over all the other states within our Region. What a GREAT JOB. Did you know we had Talent in Texas. Chapter T. The Chapter Directors, Jim and Alvalin Woodul also won an award. What great Talent.

OH and let's not forget the winners of the Red Nose Contest. Your very own Texas Directors. That was a lot of fun. We had pop corn, cotton candy, hot dogs and candy apples. We played several carnival games that were a big hit. FUN FUN FUN.

Now is time to start thinking about attending the Texas District Rally in Temple Texas, if you have not registered already. We have the largest state in our Region and have over 3000 members in Texas. Come on TEXAS, let's get together and have some fun. We have a lot of things planned for everyone, from bingo and Card making class to tossing cow patties and shooting. Don't forget to bring your decorated horse for riding and judging. We can't wait to see all the great ideas everyone has come up with.

We have already chosen the next year location for the 2017 Texas District Rally, come and see. We will be announcing it at closing ceremony.

BTW For all of you that may have forgotten Chapter C was the first winner of the Chapter Participation award in 2015 at the Texas Rally. Chapter C has thrown down a challenge this year to any chapter that thinks they can win it to come and get it.

Don't forget to check our website and click on the registration tab to see new information. Also check out the upcoming events under the FUN tab to see what's happening next.

Let's get out there and Ride, Visit and have Fun.
