WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

Nine made it to the Buffet Palace last month, eight were able to attend the Ice Cream Social and thirteen people were able to attend the gathering at Napoli's this month. Unfortunately, Barbara was in Indiana so she couldn't be at Napoli's this month.

Chapter R invited us to ride to Paris to participate in the Grand Tour of Texas. I rode with them so Don and Karen could take pictures at the three stops in Paris. It was chilly when we started but ended up being a beautiful day to ride. We stopped at Burgerland for lunch. Good burgers and great service. Highly recommended! Link is <https://goo.gl/maps/wRzuQqoD7zFkeYMCA>

Saturday made stopping at the motorcycle shops a little crowded. Both were having events so parking was difficult. Don and Karen got their pictures for the Grand Tour though, so the mission was accomplished. Thanks to Chapter R for the invitation.

The Texas District “Yellow Rose” Rally will be at the YO Ranch [Hotel] in Kerrville on April 28-30th. More information and the registration form are available at [GWRRR - TEXAS District Rally 2022.pdf](http://GWRRR-TEXAS-District-Rally-2022.pdf) (gwrra-tx.org) (also in this newsletter—*Editor*)

The District Educators have scheduled an Advanced Rider Course (ARC), Trike Rider Course (TRX), Medic First Aid (MFA) course and Co-Rider seminar (CRS) to be held at the Texas District rally in addition to numerous GWRRR University courses. Let me know as soon as possible if interested in any of these courses and I'll try to get more details.

Wing Ding 43 is June 28 – July 2, 2022 at the Shreveport Convention Center, 400 Caddo St. Shreveport, LA 71101. The website is not fully populated yet, but you can register for the event packages and for notifications when updates occur at the following site [Wing Ding 43 – The Worlds Largest Touring Motorcyclist Rally \(wing-ding.org\)](http://Wing-Ding-43-The-Worlds-Largest-Touring-Motorcyclist-Rally(wing-ding.org))

On the first Tuesday of the month, G2
meets to discuss Chapter, GWRRA
and ride information at The Buffet
Palace (3202 I-30, Greenville, TX
75402) This has been the main chapter
meeting historically. Dinner at 6:00pm,
meeting starts at 7:00.

On the Third Tuesday of the month,
folks closer to the Metroplex have an
opportunity to gather together at
Napoli's Restaurant in Wylie. (701 N
Hwy 78, Wylie, TX 75098) - (972) 442-

SPRING SAFETY TIPS

It seems like just a few short weeks ago I was talking about winterizing your motorcycle. Luckily here in Texas the motorcycle riding season is year round unless interrupted by crazy weather. Even if your bike has not been in hibernation for the past few months, now is a good time to do a thorough check before heading out to the many upcoming rallies, a leisurely road trip or just to the corner store.

1. Check the bike's
 - Tires - pressure and weathering
 - Wheels for cracks and damage
 - All the controls including turn signals, low beams and gauges
 - All the fluids – break, clutch and coolant
 - Make sure your gas tank is filled
 - Steering and shocks, make sure steering is not grabbing
2. Don't forget about the trailer if you have one –
 - Ensure the ball is tight on the receiver
 - Hook up and chains are properly connected
 - Make sure wheel bearings are greased
 - Check your load capacity rating and don't exceed limits
 - Tires to ensure proper inflation and no flat spots from prolonged sitting

Don't forget to look for any damage or rust on the bike frame, trailer and their components.

3. Check your personal protective gear to make sure it is in good shape and serviceable.
 - Helmet – check for adequate lining and straps (unfrayed or untorn), shield without cracks
 - Gloves – replace your gloves if they show excessive wear and tear or damage
 - Boots – when left in the cold boots will sometimes crack. Take a look and make sure you have boots that are ready to go.

These few Spring Safety Tips should help you get moving along.

Hope to see you down the highway.

Ride smart, Ride safe!

Sam Belinoski

Spring has sprung. As fortunate as we are in Texas to have almost year-round riding, some of us don't get out as much as we'd like during the chilly months. Now that the weather is becoming more acceptable, we should consider a recheck on not only our bikes, but ourselves.

First, let's make sure our riding machine is in tip top shape.

Developing a motorcycle maintenance checklist can help you avoid costly (and unnecessary) repairs and potential safety issues. It's also a good idea to become familiar with your bike's owner's manual as maintenance requirements can vary between models. If you don't have the owner's manual, you'll likely find it available online.

Check these features regularly:

Tires: Stay aware of the tread depth and look for unusual wear patterns. Always make sure they're at the correct pressure; under-inflated tires are prone to blowouts and over-inflated tires wear more quickly. Here's a quick way to test the wear of your tires: insert a quarter between the grooves of the tire. If the tread doesn't reach past the top of Washington's head, it's probably time for new tires.

Oil: Check the level every week or so and top it off if necessary. Changing your oil is a simple, cheap way to keep your bike in good shape. If your bike is older or you drive it regularly for long distances, you'll need to change your oil more often. Synthetic oil is more expensive, but it makes the need for changes less frequent. Refer to your owner's manual for info on how often to change your bike's oil.

Lights and signals: Check your headlights, brake lights, high and low beams, and turn signals regularly. Since they won't necessarily show wear—and can actually just quit working suddenly—set up a reminder. The last thing you want is to be stranded because your lights stopped working.

Battery: Examine your battery and cables for corrosion or loose connections. Use a mixture of baking soda and water to clean the connections, then scrub with a household toothbrush. Use a voltmeter to test the battery and a charger if it's depleted. You don't want to be caught out on the road with a bike that won't start.

Brakes: Keep an eye on brake pad thickness and brake fluid level. When brake pads wear

thin, your ability to stop quickly and efficiently is compromised. Top off low brake fluid to the "full" mark or change it according to your owner's manual instructions.

Oil, air, and fuel filters: Regularly check them to maintain optimal engine performance and efficiency. Your owner's manual will provide replacement intervals.

Last of all, get you ready. When was the last time you practiced the big three issues that are the usual suspects in any motorcycle incident? Braking, swerving, and cornering. A riding course or even a parking lot practice can help polish up those three things we all THINK we'll know how to handle if they occur.

The Texas District rally is offering an Advanced Riding Course for 2-wheeled vehicles, and a Trike Riding Course at the end of April. Either of these would be a great refresher before the height of the riding season is upon us.

SHIRT AND HAT SALE

The Chapter has some hats and shirts available. Designs vary a little since they were ordered at different times, but most are a variant of the front and back shown in the picture. The back is the large logo while the front has the G2 designator on the left breast. Let me know if you're interested and I'll bring to a gathering or arrange some other so you can see them or take more detailed pictures.
