WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

Scheduled gatherings this month include an Ice Cream Social at Braum's in Greenville on Tuesday, July 11th at 7PM and July 18th at Napoli's Restaurant in Wylie at 6PM. Stop by and visit with us.

Barbara and I were out of state most of the month, so we didn't get to ride much. We weren't able to attend the last gathering at Napoli's but George, Jimmy and Patricia and Ross and Barbara were able to attend.

We're glad to be back in Texas for a while although the recent heat wave has been oppressive. Be aware of heat issues while riding and take steps to minimize its effect by taking frequent breaks and staying hydrated.

1 Numerous rally/ride-ins are
2 scheduled for late summer. The Eagle
2 Wings Rendezvous in Knoxville, TN
3 August 31-September 2 is the first
3 national event for the new
4 organization. This is the same
4 location as Wing Ding 40 in 2018.
5 Closer to home is the next Texas
District Ride-in at Glen Rose, TX on
6,7 September 20-23 followed by the
8-9 Capitol Wings Ride-in at Lufkin TX
on October 11-15th. Details for all
11 these events are available at the link
in the last sentence of this article. All
of them sound like a good time with
great rides planned by the organizers.

The Wing'd Rider organization held their first national event in Litchfield, IL last weekend. Regardless of which organization(s) you may have aligned with, our goal is to further relationships with like-minded folks involved with motorcycling. All the current / planned organizations are in their infancy.

Gary and Becky Wheatley

The feedback about our Texas District Rally that I received, stated it was a success. The number of members present could have been better, but it was our first one since the reorganizing of our association. The plan for next year seems to be leaning towards a “ride in” instead of a rally, we will see.

As for membership throughout our great state of Texas, we lost some chapters due to both the bad years during Covid and the restructuring or should I say the separation of some members. Some went to WingDRiders, some went Independent, and some went to Eagle Wings, no matter where each of us ended up we are still FAMILY!!! Let’s all support each other in our functions.

We are reaching out to both new and potential members and letting them know about chapters or gatherings in their area.

We are still looking for riders or co-riders that are willing to step up and be the leaders of a group in their area. If you hear of an area that is looking for a group and leader, please give me a call and I will get back to them ASAP.

We would like everybody in our great state to have the opportunity to participate in group rides and gatherings.

It's mid-June, and the temperatures are starting to rise. This is the same warning I give to people every year; hydration will be the most important thing you do short of wearing the proper gear when you ride in the summer. Dehydration and heat stroke can set in faster than you can realize. For some reason when we're on the motorcycle going down the road you don't feel yourself getting wiped out. That is until you stop at the first gas station, get off the bike and realize it's very hard to walk across that parking lot without looking like you're drunk. And one of the biggest problems is that once you get hit heat stroke, you're susceptible. Maybe this is truer as we get older, but it is definitely dangerous.

The Texas District website is back up and running and accessible from its new URL! EWMA-TX.org. Many thanks to Tom Sprague and Lyle Altes for all the hard work and testing that went into making it usable again. This officially makes the break with the old GWRRA name. I encourage you all to review the information and look for errors and omissions that need to be addressed. You can either send them to Tom or to myself and we'll be happy to queue them up for fixing.

Many new things are coming up in the coming months starting in September. We have a district ride-in that will be happening in Glen Rose, Texas, the weekend of September 22nd. Then Capital Wings of Austin will be hosting a chapter ride-in, October 11 - 15 in Lufkin TX. Both should be very enjoyable and a good chance to meet up with old friends again. Louisiana has already inquired about going to Lufkin, Texas. Later in October, Oklahoma will be having its 2023 rally, October 26 - 29, 2023 in Ponca City, Okla. I'm aware of many Texans heading north for that event.

Lastly don't forget EWMA will be having its first annual EWMA Rendezvous, Knoxville, Tenn. August 31 - September 2. This is your chance to see the first one! With any luck there will be attendees from all over the 50 states and perhaps beyond.

Donna and I wish you a very wonderful summer season and hope to see you at one of these events. Stay safe.

Our Trip To Seattle

By Ross and Barbara Flanigan

Day one, April 27, 2023 on our way to the Texas rally in Kerrville. First roll out of the garage, and it started to rain! It didn't last long, and we made it to Kerrville without any issues. [We] had a good time at the rally, saw some friends, found out Elvis was feeling much better, and played some games. There were several rides throughout the weekend and everyone seemed to enjoy them. Barbara and I chose not go on any rides as we were going to be on the bike everyday for the next month.

After leaving Kerrville on Saturday evening, we stopped for the night before heading to New Mexico the next day. We camped at a KOA in Carlsbad and then another KOA in Silver City, New Mexico. We went through the Alamogordo pass before heading to my sister's house in Arizona. There are some beautiful mountain passes and smaller highways in New Mexico. We tend to avoid the interstates when we can.

[We] stayed one night at my sister's and traveled west to near Quartzite, Arizona the next day. My cousin had his RV there, and we visited for the day before leaving to find a hotel in town.

Next day we headed west into California, and as we crossed the border, it began to rain. [It] continued off and on then started heating up, but we didn't want to stop until we reached the Los Angeles area where we were staying with some friends.

After leaving the Los Angeles area we made our way up US 101 to Santa Maria to spend the night with some high school friends for the evening. [We] made our way up the coast to Pismo Beach to visit friends and stayed in Paso Robles for the night. The drive up US 101 was beautiful, since California received so much rain this year. The hills were like velvet with wild flowers in abundance and crops of all sorts everywhere! There were wineries and vineyards as far as you could see.

We continued up US 101 to San Jose to visit a friend I hadn't seen in 40+ years. Her late husband and I were in the National Guard together in the mid 70's!

The next day we headed for the east Bay area to visit Barbara's brother, then [we] headed north to Fairfield, CA, where we used to live. [We] spent the night in Fairfield, and as we were leaving the next morning we had an issue with the bike!!! Turned the key and NOTHING! Checked all the fuses, pulled the starter relay and all looked to be okay. Then I

remembered that this had happened once before and I had brought a tool with us specifically to correct this issue—a long bladed Phillips screwdriver! Loose battery connection.

Continuing up through northern California on Interstate 5, we crossed into Oregon—one of the most beautiful states I had never been to. Great roads, great scenery, snow on the mountains, and not too much traffic. [We] stopped at my cousin's house for two days and we visited Crater lake. [There was] still a lot of snow there, but the roads were cleared (barely) up to the lodge. The lodge had seen 14 feet of snow, and [it] was piled up everywhere, but we were able to trek out to look at the lake.

From my cousin's in Oregon, we headed to Seattle. This was the longest ride we have ever ridden on a motorcycle! It took us about 9 hours to get to our son's house. We were ready to get off for a few days. While in Seattle, we took a boat tour from Lake Washington, through a set of locks and into the Puget Sound. Nice trip and great weather all in all.

We started our trip home on May 14th. We headed east to a nice KOA in Ellensburg, WA for the night. Again, we had great weather and beautiful scenery. We went southeast back into a section of Oregon and into western Idaho. One of the mountain passes in Idaho was getting cold and windy and rainy. We stopped to put on our rain gear and kept them on until we reached Nampa, Idaho. This stop was a hotel, very much needed at this point in our trip!

From Nampa, we headed to Boise and then south into Utah to stay with Barbara's sister in North Ogden. The next morning, we left on our way to Moab—a neat little city in the red rocks area of Utah. We stayed at another KOA campground in the desert.

We continued our trip home through Utah and into Colorado. We stopped in Durango for lunch and the evening. Then we headed south into New Mexico again. We almost ran out of gas taking back roads when we finally found a city with a gas station and small diner. Weather was very cool and overcast. We stayed the night in Bernalillo just outside of Albuquerque. Next day we made our way to Roswell.

Made our way back into Texas and stopped for the night at another KOA in Abilene. Next morning, May 22nd we hit Interstate 20 and home to Kemp! 5,262 miles, 9 states, 25 days, 2 low beam headlights, and sore butts!
