WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

Six of us attended the gathering at Buffet Palace this month and five were able to make it to Napoli's.

Bobby led a ride to East Texas Burger Company in Mineola on the 17th. Joetta came with him and David and I were able to join them. Though the weather was reasonable, it was a bit chillier than predicted. It also misted a couple of times to the starting location in Emory. Several of us mentioned we should have had just one more layer on. Note to self (if I decide to ride a different bike at the last minute, make sure I transfer the rain suits and extra jacket over). The burgers were great! Thanks Bobby for leading this ride.

The Texas District has started rolling out a new club management software program called Groupworks. They will get invitations sent out and the contact database loaded so we can start to use it. It's supposed to ease communication at all levels of GWRRA. For more info, see <https://www.groupworks.com/>. There's also an hour-long video on the Texas district website if you want to see how it's being set up. If you want to be an early "guinea pig", let me know and I'll send you an invitation to join. Right now, there just a few of us on it doing a bit of testing.

See the separate article on the annual North Texas Bowling Challenge Chapter P (Granbury) hosted last Sunday.

GWRRA is offering a **Free** four-month trial membership. The application form is enclosed with this

newsletter. Please let any prospective members know of this offer.

The next Texas District Rally will be in Kerrville at the Y.O. Ranch Hotel and Convention Center from 30 April to 2 May 2020. The latest info is available at <http://www.gwrra-tx.org/2019Info/2020RallyPage.php>.

You can make reservations by clicking on the YO Ranch logo. Kerrville is a great area to ride. Registration information is available on the website.

Wing Ding 42 will be in Springfield, Mo. June 30 – July 4, 2020 at the Springfield Expo Center in Springfield, Missouri. You can register for the event "early bird" packages and for notifications when updates occur at the following site <http://42.wing-ding.org/>. George has investigated hotels in the area. Contact George for more info if interested.

Get involved with the chapter! It's fulfilling and FUN.

Please email or call if you have an activity or ride you'd like to plan and we'll try to get it set up.

Braking

By Scott Polhemus

Just because you're enjoying the scenery doesn't mean you should let your guard down.

You finally took off a day during the week and you're mentally congratulating yourself on the decision to get out of the big city to explore the small towns and back roads. Traffic is sparse out here on a Wednesday morning, and you're just pattering along, enjoying the narrow old roads little towns, while the local residents are still waking up.

You're not expecting a car to come zooming out of that side street ahead, which is why it's a big shock when it happens. One instant you're just cruising along, the next instant you're grabbing for the brakes and trying to get the bike stopped on the slippery morning damp roads. Somehow you manage to get the bike stopped inches from the car as the driver turns left and roars away down the street. He didn't stop to look before pulling out, and couldn't have seen much anyway, with the building so close to the road. Also remember he does this every morning on the way to work in the big city and has yet to see anyone on the road at this time of day.

It's important to keep your guard up all the time, especially when nothing

much seems to be happening. Sure, you had the right of way, but that's little consolation if you get carted off to the hospital. When riding narrow streets, be prepared for evasive action when approaching side streets and alleyways. Covering the brake lever reduces your reaction time. And at typical in town velocities, reducing speed just 10 mph cuts your action stopping distance in half.

Somewhere in the Bill of Rights, most Americans vaguely recall, there is some mention about the inalienable right to drive. While that's not actually the case (the founding fathers substituted some gibberish about the right to fair trial at the last minute), the consensus these days is that provided you're not drunk or hyped up on Lysol, you're okay to drive—any time, any place. Tired, angry, stressed-out, slapping the kiddies—no problem—just grab your keys and hit the road. Auto-bound America muddles through with that attitude since cars are visible in traffic and offer occupants a measure of protection when they bumble into each other.

Motorcyclists have no such safety zone. More often than any of us would probably believe, we're invisible to other motorists. And as for crush zones,

we ain't got any. Go riding with the same low mental acuity standard that's given tacit approval in the automotive world, and you put your future in the hands of disinterested motorists just as mentally out of it as you. Do you trust these zoned-out strangers with your life?

Riding well and avoiding random acts of automotive idiocy is an intense mental exercise, an act of sustained concentration on your part. The more into the ride you are, the better you'll ride- and the safer you'll be. Be prepared before you go for a ride and **STAY FOCUSED ON THE JOB AT HAND AND YOUR RIDING WILL IMPROVE.**

Ride Safely ☺

North Texas Bowling Challenge

By George Augustas

THE ANNUAL North Texas Bowling Challenge took place March 1, 2020, at City View Lanes in Fort Worth. Four chapters participated: G2, M, P, and R. Chapter P hosted the event. Chapter G2 was represented by Bobby Williams, Joetta Oliver, David and Shirley Hale, and Jim and Barbara Wiggins. Yours truly was side-lined with bad legs.

Each player played three strings of tenpins, alternating on two adjacent lanes as in league play.

Chapter G2 dominated the event. Bobby Williams took trophies for High Game and High Series, male, and Joetta likewise for ladies. Chapter G2 won the contest.

In Game 2, Bobby Williams rolled 10 spares in a row. We had a few technical problems with the equipment. The ball return for our lane was temporarily out of order, and the scoreboard was somewhat confusing at first.

Chapter G2's scores were:

	I	II	III	Total	Average
Jim	96	131	125	352	117.3
David	92	150	93	335	111.7
Shirley	62	56	80	198	66.0
Barbara	91	125	111	327	109.0
Joetta	156	145	121	422	140.7
Bobby	142	183	212	537	179.0

Chap.....

We all had a good time, and I sincerely hope we can all do it again next year.
