WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

It's NOT motorcycle weather tonight as I write this. It's currently 23 degrees. We had sleet and freezing rain all day with an ice storm predicted for tonight. Most everything in Greenville is closed for the next two days. Thankfully, it's supposed to warm up next week.

Nine made it to the Buffet Palace last month and ten people were able to attend the gathering at Napoli's this month.

If you're interested in participating in the Motorcycle Grand Tour of Texas this year, registration closes February 28th and the picture portal opens on March 1st to start submitting your pictures. See <https://motorcyclegrandtouroftexas.com/> for more information.

We're gathering in Greenville at the Buffet Palace on March 1st at 6PM, having an Ice Cream Social at Braum's in Greenville on March 8th at 7pm and Napoli's on March 15th at 6PM

I received the following information from Tom Sprague (Assistant District Director) - Sharon and Bob Tootle have attended many rallies around the GWRRA circuit. Sharon wanted me to pass on to everyone that they are having a "buy one get one" free sale on in stock items. She has GWRRA shirts, jackets, vests, etc. If you are interested, contact Sharon at (417) 239-4109 (call or text). Sharon wanted me to make sure everyone knows she will still be

doing custom work. It is just too hard to get around to all the rallies.

The Texas District "Yellow Rose" Rally will be at the YO Ranch [Hotel] in Kerrville on April 28-30th. More information and the registration form are available at [GWRRA - TEXAS District Rally 2022.pdf](#) (gwrra-tx.org) (also in this newsletter—*Editor*)

The District Educators have scheduled an Advanced Rider Course (ARC), Trike Rider Course (TRX), Medic First Aid (MFA) course and Co-Rider seminar (CRS) to be held at the Texas District rally in addition to numerous GWRRA University courses. Let me know as soon as possible if interested in any of these courses and I'll try to get more details.

Wing Ding 43 is June 28 – July 2, 2022 at the Shreveport Convention Center, 400 Caddo St. Shreveport, LA 71101. The website is not fully populated yet, but you can register for the event packages and for notifications when updates occur at the following site [Wing Ding 43 – The Worlds Largest Touring Motorcyclist Rally](#) (wing-ding.org)

See [Texas 2020 Rally](#) (gwrra-tx.org) for more information about upcoming rallies.

Chapter G2 Meetings:

GroupWorks:

[https://app.groupworks.com/#/
groups/4534](https://app.groupworks.com/#/groups/4534)

On the first Tuesday of the month, G2
meets to discuss Chapter, GWRRA
and ride information at The Buffet
Palace (3202 I-30, Greenville, TX
75402) This has been the main chapter
meeting historically. Dinner at 6:00pm,
meeting starts at 7:00.

On the Third Tuesday of the month,
folks closer to the Metroplex have an
opportunity to gather together at
Napoli's Restaurant in Wylie. (701 N
Hwy 78, Wylie, TX 75098) - (972) 442-
4653. This is for passing information
shared at the Greenville meeting and to
enjoy the company of others we get to
see less frequently. Gathering starts at
6:00 pm.

Rider Education Corner

Leo Smith, Jr.

KEEPING CURRENT

The grace period was established as to not detrimentally affect Levels progression for any Levels advancement. The existing grace period for all members who have expired at their highest level of achievement in the Rider Education Levels Program on or after January 1, 2020 has been extended through June 30, 2022. Partly due to the restrictions imposed over the last couple years caused by the health crisis, many Members were not able to renew their requirements to earn or maintain their Levels. Members who became non-current in their Levels on or after January 1, 2020 would not have their Levels adversely affected by the months of inactivity from that date forward. There have been several extension periods approved when it became evident local restrictions shifted back and forth and guidelines across the Association continued to make it difficult to find adequate classroom space and conduct classes.

In July 2021 the grace period was extended to June 30, 2022. Most likely this will be the final extension as we are seeing a marked increase in class and course offerings. The date is fast approaching!! Don't lose what you have worked so hard to earn.

Although the plans for a District Training Day in March need to be postponed, there are still several opportunities at The District Yellow Rose Rally in April to sign up for classes. There will be a CPR/Medic First Aid class as well as the full ARC and TRC classes/courses to fulfill Levels requirements. Other University classes will also be offered. We have several knowledgeable instructors, always willing to step up and answer the call when asked. Please remember these members are volunteers who give their time and share their knowledge and skills for the benefit of the whole organization. Please also remember that they need us to sign up for classes in order for them to maintain their instructor certification. We need them and they need us for the organization to continue to uphold our high standards of rider knowledge, skills and safety.

Classes were not in place when Rally registration forms went out but it is not too late. If you have already registered, you can either let your CD know which class(es) you would like to register for OR email myself , Leo Smith Jr at txed@gwrta-tx.org OR our District Director, Dan Rymarz at txdd@gwrta-tx.org. If you haven't registered for the Rally yet, this is a great opportunity to take advantage of the many offerings.

CPR/MFA classes are good for a 2 years period. ARC and TRC classes are good for a 3 year period. ARC or TRC full courses – class room and on bike can alternate with refresher (on bike only). If you have any questions about maintaining your Level status or eligibility to advance do not hesitate to contact me so that I can lessen any misinformation, missteps or missed opportunities.

Ride smart, Ride safe!

Leo & Margaret Smith

GWRRA TX District Educators

From: Tom Sprague. I was reading the Florida newsletter and came across this article. I thought it was interesting. Just recently I got both of my bikes on the road. This summer I was gone to N California to help my uncle and the bikes did not get much riding. I had to bleed the rear brakes on both bikes. Yep they had air in them.

BRAKE FLUID ARTICLE by

Jerry Wells, FL1-H

I was checking my motorcycle over and noticed the DOT 4 on the cover of my brake reservoir. I wondered what does that mean and why DOT 4 as opposed to DOT 3. What would happen if I inadvertently added DOT 3. With the invention of the internet came Google. Just ask and it will tell you anything. The first thing I discovered is that DOT stands for Department Of Transportation. They regulate the highways and what happens on them; especially safety. The 3 and 4 are specifications for the brake fluid. There are also 2, 5, 5.1, 6, and 7. Unless you have special needs such as race cars or operate in extremely high temperatures, you won't need anything but 3 or 4. They are both poly glycol based. DOT 3 also has ether in it and is the one most used especially in automobiles. It has a higher water absorption rate and should not be used instead of DOT 4. It is classed for use in non-aggressive braking applications. The reason is that it has a lower boiling point than DOT 4. With aggressive braking, the brakes heat up, the fluid boils creating vapor in your lines and you lower pressure at your brake pads. Not a situation you want to be in. Part of the specification is the wet and dry boiling points. Dry, means new brake fluid never exposed to air and has 0% water in it. Wet means exposed to air and up to 3.7% water. The dry boiling point for DOT 3 is 410 deg. F for DOT 4 it is 446 deg. F. The wet boiling point for DOT 3 is 284 deg. F and DOT 4 is 311 deg. F. DOT 4 instead of ether contains borate and glycol. This makes it harder to absorb water which as we just pointed out, lowers the boiling point, so it is better for aggressive braking. Liquids are hard to compress, air isn't. We want only liquids in our brake lines and cylinders. Compare it to water. Water boils at 212 deg. F. At this temperature it turns to vapor (steam). As it cools it turns back into liquid. The brake fluid does the same. When it boils we get vapor in the lines and the brakes feel soft. The vapor compresses and we no longer get full pressure to the pads. Our stopping ability is greatly compromised. One day coming off of the Blue Ridge Parkway I was on a steep winding road. I used the front brake until it overheated. Suddenly I had no front brake. I downshifted and used the rear brake sparingly until I came to a church with a big parking lot. I circled the lot until I slowed enough to stop. I parked in the shade until the brakes cooled down and the fluid became liquid again then continued. If your system specifies DOT 3 you can add DOT 4, but never the other way. It would lower the boiling point and your brakes may fail. It is also recommended that you change your brake fluid every year and never let it go over 2 years. I am willing to bet most of you have never changed brake fluid. They also recommend that you use a new sealed can when you add fluid. This guaranties you are using dry fluid and not compromising it.

The above article was submitted by Tom Sprague. I will add two points to the article: 1. To avoid brake failure on long descents, shift to a lower gear and use engine braking rather than overusing the brakes; 2. DOT 5 brake fluid is *totally* incompatible with either DOT 3 *or* DOT 4 and should *never* be used in any brake system that is not specifically designed for DOT 5. —*Editor*

GWRRR

UNIVERSITY UPDATE

February 2022

Upcoming Training Opportunities

Greetings Texas Gold Wingers!

Last month we announced that we were again re-opening Rider Education and University Training in Texas. We discussed the ways it can be offered to you, including live and online classes in addition to special education events.

We really hoped to hold a District Education Weekend in March but plans for a site and range fell through, so we are now focusing on offering both Riding and University courses at the Texas Yellow Rose Rally in Kerrville on April 28 - 30th. Dan and Donna sent out an announcement about this a few days ago and you should have received a copy from your Chapter Director. It is also posted on the Texas Groupworks site.

Focusing on helping you get back current with your Levels, some of the Riding Courses have already been determined along with MFA/CPR and Co-Rider classes. There will also be 3 - 4 University Module offerings. We posted all the University Class offerings in the July 2021 Newsletter, and we have a more detailed list available on the District website at <http://www.gwrra-tx.org/education/GWU/GWUmodules.pdf>.

We have also asked multiple times the past 9 months for input on which classes you might be interested in taking, but we have not received a single comment. Please look over the class list and let us know if something interests you, either for a Rally offering or anytime in the future. Our deadline to schedule classes for the Rally is **March 1**. If we receive no input, we will pick the classes based on what has been popular in the past.

Do a thorough safety check on your bike and then get out there and RIDE!!

Randy and Kathy Reese

KEEP YOUR FAMILY COVERED ON AND OFF THE ROAD.

By Sam Belinoski

Cool Riding

Cool weather riding can be a challenge in Texas. It can be cool in the morning, but by the time we're headed home it can be quite warm. The condition of HYPOTHERMIA, meaning "a lack of heat" develops when a person's core body temperature drops so low that it is no longer possible to keep warm. Normal body temperature is 98.6F. Hypothermia is defined as a core body temperature of less than 95F. Conditions do not have to be extreme for hypothermia to develop. Any combination of cool weather, damp clothing, wind, exhaustion, hunger, drugs or alcohol can bring it on. Most cases occur when the air temperature is well above freezing.

A person with hypothermia begins to shiver and their teeth chatter. This is the body's way of generating heat. Below 90F the shivering stops, and the person is

disoriented, irritable, and sleepy and the pulse and blood pressure fall. At this point, the ability to make clear judgments will be reduced. There may be arrhythmias of the heart. These are disturbances in the electrical circuit in the heart and may be life-threatening. Below 86F coma can occur and a person's vital signs may not be detected. Death can occur.

It is important to recognize the signs of hypothermia so intervention can occur before the body temperature drops even further. You must rewarm the rider/co-rider and prevent further heat loss. If possible, move them to a shelter. Remove any wet clothing and replace with either dry clothing, blankets, or a sleeping bag if available. Make sure the head is covered. You may give them a warm drink but do not give alcohol. In severe cases you must actively warm their body. Body heat is the best

way of doing this. It requires stripping them and yourself while in a sleeping bag or blankets large enough to cover your entire body. Skin to skin contact will generate body heat. If needed, a third person may also be used to generate body heat.

While stripping down in a sleeping bag may sound like fun, the best way to deal with hypothermia is to prevent it in the first place. Dress in layers and keep clothing dry. Always carry rain gear. Wearing your helmet protects you from losing heat from your head. Eat plenty of energy foods (not a problem with this group). Wear gloves. Electric riding gear is also a great way to keep warm.

Hypothermia can be life-threatening, but by planning ahead and playing it smart, the risk is greatly reduced.

Anita Belinoski

March 27 is Country Music Song Titles Day, so here are some actual country music song titles (from the Internet).

- Get Off The Stove, Grandma, You're Too Old To Ride The Range
- Get Your Biscuits In The Oven and your Buns In The Bed
- He Went To Sleep and The Hogs Ate Him
- How Can I Miss You if You Won't Go Away?
- How Come Your Dog Don't Bite Nobody But Me?
- I Changed Her Oil, She Changed My Life
- I Don't Know Whether To Kill Myself Or Go Bowling
- I Gave Her My Heart And A Diamond And She Clubbed Me With A Spade
- If I'd Killed You When I Wanted To, I'd be Out of Jail By Now
- If Love Were Oil, I'd Be A Quart Low
- Last Night I Went to Bed with a "10" and Woke this Morning with a "2"
- Mama Get The Hammer (There's A Fly On Papa's Head)
- My Phone Ain't been Ringing, so I Guess it Wasn't You
- My Wife Ran Off With My Best Friend, And I Sure Do Miss Him
- I Kissed Her On the Lips and Left Her Behind for You 😊

SHIRT AND HAT SALE

The Chapter has some hats and shirts available. Designs vary a little since they were ordered at different times, but most are a variant of the front and back shown in the picture. The back is the large logo while the front has the G2 designator on the left breast. Let me know if you're interested and I'll bring to a gathering or arrange some other so you can see them or take more detailed pictures.

Jim Wiggins– contact info in the staff section.

2022 Louisiana GWRRA District Rally

Morgan City, LA

April 7th, 8th & 9th, 2022

The Louisiana District GWRRA Team wishes to invite you back to Cajun Country for **GOOD FOOD, GOOD FRIENDS, FUN and a lot of RIDING**. Your presence at our last Rally was **GREAT** with many memories for all of us. We appreciate all of your efforts that made our last **Rally and 3 Day Tour** a success. Please invite your friends to enjoy the **FUN** of The Mardi Gras Madness Rally in Louisiana in our **NEW CITY AND HOTEL**.

The **“Clarian”** [sic] will serve as our Rally site and Host Hotel. The people in Morgan City will be rolling out the red carpet for us so don't miss the **FUN, GOOD FOOD and RIDES**.

Come Early April 6th

For Our SPECIAL Guided Tour

Wednesday's special ride is a day trip to New Orleans.

Ride from the Mississippi River to Lake Pontchartrain.

Ride down historical St Charles Ave, have lunch at a famous New Orleans PoBoy restaurant. Visit a NOLA cemetery and eat Beignets.
