The newsletter is a bit delayed this month because of technical difficulties with George's computer.

We met at Buffet Palace this week and will meet at Napoli's in Wylie on March 26th at 6PM. Note that this is one week later than normal (4th week versus 3rd week) since travel plans to the TX District Ride conflicts for some of us.

It's less than two weeks until the next TX District Ride-in at Kerrville. It will be held March 20-23rd at the Y.O. Ranch Hotel and Conference Center in Kerrville, Texas. See the flyer included with this newsletter for more information or click the last link in this article to make hotel reservations or register for the event.

On Wednesday, Thursday, and Friday at 8PM there will be a get-together in the Boone Crockett room to discuss upcoming rides and of course, what happened that day. Dan Rymarz said to expect refreshments such as ice cream or other dessert items while visiting. There will be schedules for each day with varying lengths of rides which will include start times and anticipated return times. KSU is on the Y.O. Ranch campus in the southwest corner. The plan is to keep our riding groups under ten bikes to keep the rides safe and flexible.

Feel free to invite other riders who might enjoy our ride-in.

Jim Evans, CD of the Capitol Wings is looking for ride leaders and

tail gunners for rides at the Yellow Rose Rally. He's looking for people that will lead rides both long and short. If that doesn't appeal to you, he's also looking for people that would volunteer to be a "Dinner Host" which would entail choosing a restaurant and organizing a group to go there. One of his goals is to provide many riding opportunities so the group size would be small. Please contact Jim at jdjmevans@sbcglobal.net to volunteer and get more information.

Don't forget to look at Groupworks (<https://app.groupworks.com/>) periodically. Many chapters have rides and events that are announced there. You can request to join any chapter or district group, so you'll get notified of upcoming events.

The latest District newsletter is available here at <http://ewma-tx.org/news/newslettersEW.php>. The newsletter has the latest updates for the district and most of the flyers for rallies in the area.

The link to district events is here: <http://www.ewma-tx.org/2024/RallyPageEW.php>

 GroupWorks:**
<https://app.groupworks.com/#/groups/4534>

On the first Tuesday of the month, we meet to discuss Chapter and ride information at The Buffet Palace (3202 I-30, Greenville, TX 75402) This has been the main chapter meeting historically. Dinner at 6:00pm, meeting starts at 7:00.

On the Third Tuesday of the month, folks closer to the Metroplex have an opportunity to gather together at Napoli's Restaurant in Wylie. (701 N Hwy 78, Wylie, TX 75098) - (972) 442-4653. This is for passing information shared at the Greenville meeting and to enjoy the company of others we get to see less frequently. Gathering starts at 6:00 pm.

Texas District Director

Dan and Donna Rymarz

On March 20th, Texas will host its spring Ride -In out of Kerrville, Texas. We have close to 60 people who have already registered, and we expect more before that event in late March. The goal is to make sure we have plenty of rides as well as leads and drags to ensure that no group is larger than ten motorcycles. Destinations will be interesting, and places to eat are plenty. Every evening, we will host a meeting in the Boone Crockett room at the Y.O. Ranch [Hotel] to discuss the day's rides and plan for the next. Folks will be able to sign up as well as voice ideas to enhance the experiences. We are currently looking for restaurants that can handle larger groups of people so that many of us can dine together if we so choose. As we have done in the past, the district will provide plenty of drinking water and snacks. All you have to provide is enthusiasm.

Spring is almost here, and our thoughts return to the road. Are our motorcycles ready for the road? The most dangerous of vulnerabilities when riding, besides people around us being inattentive drivers, is the rubber that we roll on. How old are our tires? Most of us will simply look at the tread and determine that there's still rubber yet to be used. But age can be a factor that we must think about. When were these

tires purchased and installed? How hot did they get in my garage? Sometimes you need to replace old motorcycle tires regardless of tread, because the rubber compounds used in tires can age, lose elasticity and strength over time, and cause the tire to fail, even if the tread appears adequate. For this reason, most tire manufacturers recommend replacing tires after 5 to 6 years, regardless of existing tread. Tires harden and lose grip, which can affect your handling, braking, and safety. A new set of tires will cost way less than a crash and will also improve your ride quality and performance. Besides, fresh new tires feel so good!

Your Texas District team is looking forward to seeing so many of our friends, and making plenty of new memories. Just make sure your bikes are ready, and that you are well rested for three days of riding. Safe travels!

Dan and Donna Rymarz

Texas District Directors, EWMA

Dan.Rymarz@outlook.com

Fun Facts:

12% of all the people ever born are walking the planet at this very moment. (Trivia Today)

The other 88% are still asleep.

Arthur Guinness, founder of Guinness Brewery, had 21 children with just one wife. (TT)

That's worth a spot in the Guinness Book of World Records.

Research has determined that most people are happiest at 7:26 PM on Saturday night. (TT)

What are YOU doin' at 7:26PM on Saturday?

Pepsi was named after the digestive enzyme pepsin. (TT)

Coke was named after the miracle ingredient: cocaine. (True)

Sideburns are named after American Civil War General, General Burnside. (TT)

Heartburn was named after Sarah Bernhardt.

The International Space Station is about the size of a football field. (TT)

Most of it is full of equipment.

It is illegal to run out of gas in in Youngstown, Ohio. (TT)

Now why would anyone want to do that, anyway?

Someone on Earth reports seeing a UFO every three minutes. (TT)

That guy needs to stop drinking. 😊

Powersports Helped His Physically Challenged Father Enjoy Family Outdoor Time

By Scott Schloegel

Senior Vice President of Government Relations for the Motorcycle Safety Foundation, Motorcycle Industry Council, Specialty Vehicle Institute of America, and the Recreational Off-Highway Vehicle Association

I grew up as one of four boys in the rural Upper Peninsula of Michigan where I spent nearly every day outside doing something with my brothers and their friends. At the end of my driveway was the familiar 1970s worn-down single-track that ran up and down highway M-35, cutting into every lawn and driveway along the way. My home was on the shores of Green Bay, where we fished in the summer and rode powersports vehicles on the frozen bay in the winter. My family owned restaurants, which occupied most of my parents' time, but to decompress from the busy work week we also had a 280-acre "camp" where we hunted, farmed, and rode go-carts, motorcycles, ATCs, ATVs, and snowmobiles.

Family ATV: Scott (far right) with his family at camp. Scott's father had contracted polio and lost the use of nearly all the muscles in his legs, but he was still able to enjoy time outdoors with his family through powersports vehicles.

When I was 3 years old, my father contracted polio, resulting in near full loss of the muscles in his legs, relegating him to using a walker, crutches, and power scooter for the remainder of his life. My dad couldn't go out and play soccer, football, or basketball with us boys, but he could pull

his leg over the seat of a snowmobile, ATC, or quad, which became our outdoor time together. We spent a ton of time hunting, fishing, and cutting wood that was used for heating our home and building a large addition to the house. After starting out on a Sears, Roebuck and Co. go-cart with a Briggs & Stratton engine, my dad bought me a Kawasaki 75, in 1975, so I could ride with my older brother who had a Honda Trail 70. Many kids in our neighborhood had a mini-bike for the spring, summer, and fall, and a snowmobile for the winters. It was part of our culture. The unique two-cycle exhaust aroma and the thwap of the exhaust still invoke a Pavlovian response in me to this day.

In the early 1980s, I secured my motorcycle endorsement by completing a local Motorcycle Safety Foundation course which enabled me to ride my motorcycle to and from high school. My love of riding was cemented and has never waned since.

Following three years working for the Michigan House of Representatives, 18 years working for Congress, and another seven years working as a Presidential appointee in two administrations, I now serve as the SVP of Government Relations for MSF, MIC, SVIA, and ROHVA. I lead the Government Relations Office team that works with all 50 states and the U.S. Government to promote safe riding/driving and sensible policies that benefit our powersports industry. In October I celebrated five years with the associations. The MSF Government Relations team and I were integral in securing a U.S. Senate resolution honoring MSF's 50th anniversary this year, and a Motorcycle Safety Awareness Month recognition from President Biden last year.

This truly is a dream job representing the industry that is such a huge part of my family memories and that affords people of all economic and physical abilities the opportunity to get outdoors to enjoy our beautiful country. Like the times riding quads and snowmobiles around camp and across frozen Green Bay with my dad, some of my most treasured time today is going on rides with my daughter, who loves cruising scenic and windy roads on the back of my bike while she decompresses from her graduate school studies, and while I decompress from dealing with elected officials. I'm honored to be a small part of MSF's history and look forward to another 50 years of high-quality rider education for generations to come.

Riding Safely from Motorcycle Safety Foundation / Feb. 24 2024

Riding a motorcycle properly is a skill you can learn. It's not something you are born with, like having red hair or blue eyes. It takes thinking and practice to ride one well. Unfortunately, many riders never learn the critical skills to ride safely and enjoy the sport to its fullest.

The staff at the Motorcycle Safety Foundation (MSF) has prepared this booklet to provide you – the motorcycle rider – with important tips that can help you to ride safely. Read these pages carefully. Thirty minutes spent reading this information can be one of the most valuable half-hours of learning you have ever had.

You will learn about:

- **Rider Gear:** Essential riding gear for street motorcycles includes helmets, eye protection, jackets, pants, gloves, boots, raingear, hearing protection, and high-visibility gear. Wearing the right gear enhances safety and comfort while riding.
- **Legal Responsibilities:** Understand your legal responsibilities, which cover licensing requirements and the necessity of having insurance. Adhering to these legalities ensures a safe and lawful riding experience.
- **Knowing Your Motorcycle:** Familiarize yourself with your motorcycle's controls, gear shifting, braking, and turning. Mastering these fundamentals is crucial for safe and effective handling of the bike.
- **Pre-Ride Checks and Maintenance:** Conduct pre-ride checks and maintain your motorcycle regularly. This includes inspecting tires, controls, and ensuring all lights and signals are functioning properly.
- **Road Awareness and Safety Strategies:** Implement the SEE system (Search, Evaluate, Execute) for heightened road awareness. Techniques for increasing your visibility to others and enhancing your ability to see other road users are vital for safety, especially at intersections.
- **Handling Special Situations:** Learn to handle special situations like emergency braking, braking while leaned into a curve, coping with skids, and navigating across poor road surfaces, including steel bridge gratings and rain grooves. Understanding how to ride in rain and wind, and how to deal with animals on the road, is also crucial.
- **Equipment Failures:** Prepare for equipment failures such as blowouts, a stuck throttle, or a broken clutch cable. Knowing how to respond to these situations can prevent accidents.
- **Group Riding and Passengers:** Group riding and carrying passengers require specific considerations. Adhere to guidelines for group riding formations and ensure that passengers are well-informed about safety and riding protocols.
- **Loading the Motorcycle:** Secure all loads on your motorcycle, using bungee cords or cargo nets for items like groceries. Utilize a tank bag for optimal weight distribution near the bike's center of gravity. Ensure nothing on the gas tank or inside the fairing interferes with steering for safe riding.
- **Drugs, Drinking, and Riding:** Be aware of the dangers and legal consequences of riding under the influence of drugs or alcohol. Riding sober is essential for your safety and that of others on the road.

Well, what a beautiful day to ride UNTIL BAM our new rider went down into guard rail at 50 mph in a turn. Gut wrenching feeling when you see a fellow biker go down. We all stopped and my rescue mode jumped in and (IC) incident commander came through and I directed Robert Yanez to stop traffic on one side, Donna Wilson on other direction. Jessica grabbed my first aid bag and I helped Charles to side of road, assessed his injuries, and stopped bleeding on his left arm gashed open seeing down to his muscle, checked his body for any other injuries, and other standbys called 911 from their car. What a Day! This is one reason we should all ride with first aid training and first aid kit. And have safety riding courses like pro ProRider Central Texas offers.

Prizes**

EWMA Texas - Membership Drive

EWMA Texas will be drawing Raffle tickets at the Texas Fall Ride-In, Date and location TBD. Grand prize is \$500 and ALL current EWMA Texas members will automatically be eligible to Win!

- **New Members:** Every new Texas member will receive one entry for per person (Limit 2 people) per year you sign up for! Dates: September 1st, 2023 thru September 1st, 2024
- **Existing members:** Anyone Texas member who signed up for more than one year since EWMA was formed will receive one entry for each person (Limit 2 people) for each additional year you signed up for at your original joining!
- **Renewing members:** Any renewal of your EWMA Texas membership will earn you one raffle ticket for EACH member (Limit 2 people) for each year you extend your existing membership.
- **Recruiting a Member:** Any member who brings a NEW Texas membership to EWMA (Family or individual count as One entry) and new memberships can only have one recruiter. Email dan.rymarz@outlook.com with the name of your recruit.
- **The Only Texas members not eligible:** Texas District Directors – Dan and Donna Rymarz
- **Winners must be a member at the time of the drawing**
- **Drawing Date:** This will be taking place at the evening get together during the Texas Fall Ride-In on (TBD). Winner(s) do not need to be present to win.
- **What do I have to do?**
 - Visit - https://ewma-world.org/content.aspx?page_id=60&club_id=719997
 - Sign up or Renew (Existing Multi-Year members are already entered)
 - You are automatically entered! (we get reports)
 - You will get an email as we approach the Fall Ride-in confirming your numbers in the drawing.
 - Need Not Be Present to win.
- **Membership Cost and Raffle entries:**
 - **Individual Membership**
 - 1 Year – \$25 - 1 Raffle Entry
 - 2 Year – \$45 - 2 Raffle Entries
 - 3 Year – \$65 - 3 Raffle Entries
 - **Family Membership**
 - 1 Year – \$30 - 2 Raffle Entries
 - 2 Year – \$55 - 4 Raffle Entries
 - 3 Year – \$80 - 6 Raffle Entries

Our Vision:

A simple, fun, riding, social association of like-minded motorcycle enthusiasts

Our Motto:

Friends for Fun, Safety & Riding

Our Mission:

To provide to our Membership a fun and social environment that focuses on the love of motorcycling.

To bring the world together around that passion while helping them to be safer and mindful when riding a motorcycle.

To be a family-oriented, non-religious, non-political association, respectful of each other's beliefs.

Enjoying the ride together with like-minded motorcyclists.
