WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

Greetings from Texas District Ride-in at the YO Ranch in Kerrville. It's a rainy Saturday with occasional thunderstorms so we'll finish this article about Chapter happenings of the last month instead of being out riding the great roads in the area.

Twelve people were able to attend the gathering at the Buffet Palace last month. In addition to George, Tim, Bobby and Joetta, Dave and Shirley and Barbara and I, Dan and Donna Rymarz were able to make it. Dan and Donna Rymarz (past CDs for G2) will be stepping up in June to assume the Texas District Directorship. Five were able to make it to Napoli's. George, Barbara and I were joined by Rich and Vickie.

Our lunch ride to the Lumberyard Café in Edgewood on Saturday, April 10th went well. We left the Valero gas station about 10AM with ten people. Eric, Carl, Jim and Pat, Ron, Paul, Leo and Margaret Smith from Chapter M (Arlington / Mansfield) and Barb and I were in attendance. Bobby and Joetta met us at the restaurant. The weather was great and made a very pleasant ride to Edgewood. The restaurant seated us in a private area that made conversation easy. The Lumberyard Café is highly recommended. For information, Leo and Margaret are going to be the new Texas District Educators starting this summer.

We plan to meet in Greenville at the Buffet Palace May fourth (the first Tuesday of the month) at 6PM and at Napoli's in Wylie May 18th at 6PM. Drop by for some good food and conversation.

We commend Jim and Alvalin Woodul (District Directors) and the rest of the Texas District Staff for planning and executing the Ride-in even with Covid restrictions. Even though there has been some rain and the uniform of the day has been rain gear, that's not something anyone has any control over. It's been great seeing other GWRR members and friends again. Barbara and I got here Thursday with Erik and Lori (our son and daughter-in-law) from Gatesville. Though the trip from Gatesville involved some drizzle, there wasn't heavy rain. The weather cleared some on Friday so Erik, Lori, Barb and I rode to the Kerrville VA cemetery so they could take pictures of their bikes to submit for a "2nd Annual Grand Tour of Texas" motorcycle touring event they are participating in. We then headed to the [Lone Star Motorcycle Museum](#) near Vanderpool. It's a private collection of ~60 bikes and is a great place to spend a bit of time relaxing. I got stopped right inside the door for a while because they had a 1972 Norton Commando Combat on display there. I once owned one and rode it regularly along with a Honda CL-450. It's a wonder I'm still able to ride since the gear shift and rear brake on the Norton was reversed from the Honda. I had a couple of "exciting" riding moments due to that difference.

Several couples have come in from as far away as Alabama, Arkansas, Nebraska and Indiana. Though we're heading home on Sunday, about 20 people are heading out in the morning for a 5 day ride to tour the Big Bend area.

Rider Education Corner

Scott Polhemus

Well here we are again... It's finally getting comfortable outside, and Mother Nature has left the lawn sprinklers on ... AGAIN! I hope everyone has their rain suits in their saddlebags!

Nothing quite makes you so happy to get somewhere like riding in the rain... Sprinkles are refreshing, but when the frogs start crowding the road to avoid the flashflood in the ditch, it's a bit TOO much of a good thing!

Just a few quick ideas about wet weather riding:

- Give yourself a little extra room. Back off a bit further than you would normally when following cars, wet weather is one of the few times they can stop faster than we can... and the spray they kick up makes visibility even worse than the rain already makes it.
- Make moves a little slower. You're riding with less traction, so accelerate a bit slower and ease onto the brakes a bit slower than normal. While disk brakes don't have the 'brake fade' that drum brakes do, during the rain they

take a bit of extra time to warm up and begin working like they should.

- Don't lean as much in the corners, and take them just a little slower. Remember, the harder you lean into a turn, the more heavily you are relying on what little traction you have.
- If it's possible, find a bit of cover and stop and wait for 15 minutes or so after rain begins. This gives the dirt and oils that have built up on the roads a chance to wash away. (Or at least get a bit more diluted!)
- Try to look a bit further down the road than you normally would. This will give you a bit more time to react if something happens ahead of you. It will also allow you to take a second or third look at any developing situation that could be potentially hazardous. (Plan for the worst, and hope for the best!)
- Keep an eye on the clouds. It will give you a little warning if heavy rains are headed your way, or if the weather is going to get REALLY bad in a few minutes.

Taking a weekend storm spotter class would probably be a good thing as well; the things you will learn there can be applied to driving as well as riding. It might even help you to avoid getting caught in a downpour, by noticing ugly weather BEFORE you get to it...

SEE:

- Search for potential hazards**
- Evaluate the gathered information**
- Execute any necessary actions to avoid hazards**

During bad weather, or less than ideal road conditions, it becomes even MORE important to practice SEE techniques! Remember the Boy Scout motto: BE PREPARED! It never hurts, and can help you to avoid an accident.

And just in case anyone was wondering... Riding in the rain will NOT make our waistlines shrink...

Until next month, ☺

Scott

Texas District Ride-In

By George Augustas

Thursday: The weather forecast was not good, so I decided to go to the Ride-In in the car. I wanted to avoid I-35 altogether, so I went via US-67 and US-281 to San Antonio. My friend Tony came with me the rest of the way to Kerrville. We got checked in and had dinner at Cracker Barrel.

Friday: After breakfast, we set out to ride the Three Sisters. It was a very enjoyable ride. We stopped for lunch at a little roadside barbecue place near Vanderpool. The owners had two large and very friendly dogs. The barbecue was very good. Then we visited the Lone Star Motorcycle Museum. There are lots of old motorcycles in the museum—many of them had very strange and unusual controls. I said that I was glad I didn't have to

ride them.

From there, we were to visit Stonehenge II, but the Garmin told me to turn left where I meant to turn right, so we missed it. We decided to go visit Stonehenge the next day. Then we went back to the hotel. I bought some 50/50 tickets for the drawing later. We had dinner at Cracker Barrel. We came back to the hotel later for the drawing. I didn't win, but Margaret Smith of Chapter M won \$70. The weather forecast for tomorrow is lousy—rain, rain, and rain.

Saturday. It rained buckets until mid-afternoon. We stayed in the hotel room until about two o'clock, then we rode out to see Stonehenge. After we had visited there for a while, I decided to keep driving west for a bit. When I saw a little

road, I said, "That looks interesting." So we followed it. We had a pleasant twisty ride. The road eventually intersected Hwy 41, and we turned right, and it brought us back to Hwy 27. We returned to Kerrville via Hwy 27 and had a nice dinner at the hotel. Later, Barbara won \$65 in the 50/50 drawing.

Sunday: We left Kerrville at eight o'clock under sunny skies. I dropped Tony off at San Antonio, then I picked up Hwy 281 and drove back home the way I had come. I got home about three o'clock.

I wish the weather had been nicer so I could have made the trip on the trike, but I still had a good time in spite of the rain. Next year, we'll do it again. 😊
