## WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

**W**e had a great turnout at both gatherings in October.

Jimmy and Pat, Ross and Barbara, Dan and Donna, George, and Barb and I met at the Buffet Palace. George donated and auctioned off a pumpkin cheesecake that the winner allowed us to share. All the proceeds from this auction go to pay chapter expenses.

We also had eleven people gather at Napoli's. Jeff gave an overview of his recent trip ride to the Big Bend area with Chapters M and P. Ross and Barbara told us about their recent trip to Oklahoma and Arkansas with their old riding buddies from Louisiana.

Many thanks to Chapter R who joined us on a ride to Windom Feed Sack October 9<sup>th</sup>. Nine people showed up to join us on the ride. It was uneventful except for a slight detour I caused trying to use the new nav system on my bike. I missed a turn while trying to figure out what it was telling me to do. I had decided to just be quiet and continue using a different road but about a mile later saw a sign that said the road was under construction for local traffic only. At that point, the only thing to do was turn around and go back. Sorry folks! Anyway, we enjoyed the conversation and meal at the Feed Sack.

We're meeting in Greenville at the Buffet Palace on November 2nd at 6PM for dinner at Napoli's in Wylie on November 16th.

See [Texas 2020 Rally \(gwrra-tx.org\)](http://www.gwrra-tx.org) for more information about upcoming rallies.

The **Texas District Rally** will be at the YO Ranch in Kerrville on April 28-30th but is planned to be a complete rally instead of a Ride-in. More information and registration form are available at [GWRRR TEXAS District Rally - 2022.pdf \(gwrra-tx.org\)](http://www.gwrra-tx.org). (The registration form is included in this newsletter. —*Editor*)

**Wing Ding 43** is June 28 – July 2, 2022 at the Shreveport Convention Center, 400 Caddo St. Shreveport, LA 71101. The website is not fully populated yet, but you can register for the event packages and for notifications when updates occur at the following site [Wing Ding 43 – The Worlds Largest Touring Motorcyclist Rally \(wing-ding.org\)](http://www.wing-ding.org)

# GWRRA

## TEXAS DISTRICT CHAPTER G2 GREENVILLE, TX

### GWRRA MISSION

Dedicated to our Motto:  
**Friends for Fun, Safety,  
and Knowledge**, GWRRA  
Members enjoy the  
freedom of belonging to a  
not-for-profit, non-  
religious, and non-political  
organization.

### GWRRA VISION

Gold Wing Road Riders  
Association (GWRRA),  
found in 1977, is recognized  
at the world's largest single  
-marque motorcycle  
association in the world.  
GWRRA provides safety,  
technical, and education  
services to its Members  
world-wide.

## CHAPTER STAFF

### Chapter Directors

Jim & Barbara Wiggins  
[jimwtx@verizon.net](mailto:jimwtx@verizon.net)

### Assistant Directors

## G2 ROADRUNNERS

### FIND US:

#### WEBSITE:

<http://www.g2txroadrunner.org>

#### FACEBOOK:

[GWRRA-ChapterTX-G2](https://www.facebook.com/GWRRA-ChapterTX-G2)

#### Chapter G2 Meetings:

#### GroupWorks:

[https://app.groupworks.com/#/  
groups/4534](https://app.groupworks.com/#/groups/4534)

On the first Tuesday of the month, G2  
meets to discuss Chapter, GWRRA  
and ride information at The Buffet  
Palace (3202 I-30, Greenville, TX  
75402) This has been the main chapter  
meeting historically. Dinner at 6:00pm,  
meeting starts at 7:00.

On the Third Tuesday of the month,  
folks closer to the Metroplex have an  
opportunity to gather together at  
Napoli's Restaurant in Wylie. (701 N  
Hwy 78, Wylie, TX 75098) - (972) 442-  
4653. This is for passing information  
shared at the Greenville meeting and to  
enjoy the company of others we get to  
see less frequently. Gathering starts at  
6:00 pm.

Chapter G2 enjoys lunch at The Windom Feed Sack.

# Rider Education Corner

Leo Smith, Jr.

## Let Your Lights Shine

**W**e recently had the wonderful good fortune of taking a five day trip to Big Bend, Texas. One of the planned events was a jaunt to see the Marfa Lights (also sometimes called the ghost lights or mystery lights). While standing around and talking with others at the viewing area, a self proclaimed Marfa Light guru approached us and told us we were looking entirely in the wrong direction. Despite seeing some sort of activity in the direction we initially focused, we turned to watch the other way but disappointedly saw nothing. I honestly can say I'm not sure if I actually witnessed the unexplained phenomena or not.

I would guess most people like (or love) lights. They usually put us in a good mood – whether it be from a natural source like sunlight, stars or fireflies or manmade ones like fireworks, Christmas decorations, a soft glow of a candle or the ones we add to our bikes. Now that Daylight Savings Time ends and Standard Time returns on November 7<sup>th</sup> (still in Texas and all other states except Arizona and Hawaii) it will be getting darker earlier. It is especially crucial other motorists see us but not be distracted, or us be a mystery ourselves with fancy flashing luminosity. Parades and shows are a different story.

Lights, high viz clothing and reflective striping provides a greater chance of being seen both day and night. Many states have

different laws about vehicle lights. If you are unsure what's acceptable in the states (or countries) you are riding in check their Department of Motor vehicle websites so you don't see the blue light flashing behind you. Here's what's legal in Texas pertaining vehicle lights:

### Colored Bulbs

The bulb must have a "DOT" or appropriate SAE stamp on it. Currently, there are NO DOT approved "Red" bulbs.

- Vehicles that are equipped from the manufacturer with approved lenses which are clear and lighted by red L.E.D. lights will pass state inspection.
- Vehicles that are equipped with aftermarket lenses which are clear and lighted by a red bulb will be rejected. (Currently, there are NO DOT approved "Red" bulbs.)

Vehicle lighting equipment is covered in Chapter 547 of the Texas Transportation Code, Subchapter D. § 547.3215 - Use of Federal Standard. Unless specifically prohibited by this chapter, lighting, reflective devices, and associated equipment on a vehicle or motor vehicle must comply with:

- The current federal standards in 49 C.F.R. Section 571.108; or
- The federal standards in that section in effect, if any, at the time the vehicle or motor vehicle was manufactured.

The CFR will refer you to Society of Automotive Engineers (SAE) #J578, which will refer to several

other SAE standards. Everything that complies with those standards is "legal."

Equipment manufacturers have to self-certify that they meet these standards. DOT does not test equipment unless they act against those who don't meet standards. You should ensure that the equipment vendor is reputable and that all equipment has a DOT or appropriate SAE stamp on it (or if not marked, keep the box that it comes in which says it is "DOT approved") and under no circumstances use equipment that is for "off-road or show only."

### Blackout

Any device that impairs the required effectiveness of headlamps, tail lamps, reflectors, etc., is prohibited. The lights, both front and rear, are made by the manufacturer to meet this safety standard. An alternate or additional material, particularly something dark, would impair its effectiveness. Additional information on lighting can be found in the Texas Transportation Code, Chapter 547, Subchapters D & E.

The inspection criteria for tail lamps states: "Tail lamp. Inspect and reject if: lamp is obstructed by any part of the body."

### Clear Tail Light Lenses

For clear taillight lenses to be legal, they must consist of the following components:

#### **Stop Lamp**

- All motor vehicles are required

*(Continued on page 5)*

to have functioning stop lamp(s), as applicable to the number of stop lamp(s) equipped on the vehicle at the time the vehicle was originally manufactured.

- A stop lamp must emit a red or amber light, or any shade of color between red and amber.
- A stop lamp must be visible from a distance of not less than 300 feet to the rear in normal sunlight.
- The stop lamp shall be actuated upon application of the service (foot) brake and may be incorporated with one or more other rear lamps.
- Stop lamp lens must be of a type meeting Department of Public Safety standards.

#### **Tail Lamp**

- Every motor vehicle shall be equipped with at least two tail lamps, unless vehicle was manufactured prior to 1960, in which case your vehicle is required to be equipped with one (1) tail lamp mounted on the rear which, when illuminated, shall emit a red light plainly visible from a distance of 1,000 feet to the rear.

#### **Rear Reflector**

- Every motor vehicle shall carry on the rear, either as part of the tail lamps or separately, two or more red

reflectors.

- Rear reflectors on a vehicle shall reflect a red color.
- Red reflectors required on the rear of a vehicle may be incorporated with the tail lamp assembly.
- Every reflector upon any vehicle shall be of such size and characteristics and so mounted as to be visible at night from all distances within 600 feet to 100 feet from such vehicle when directly in front of the lawful lower beams of head lamps.

#### **Turn Signal**

- Signal shows white or amber to the front, and
- Signal shows red or amber to the rear

#### **License Plate**

- Transportation Code §502.409 prohibits attaching or displaying on a motor vehicle a number plate or registration insignia where:
- Letters, numbers, or other identification marks that because of blurring or reflective matter are not plainly visible at all times during daylight, or
- An attached illuminated device or sticker, decal, emblem, or other insignia that is not authorized by law and that interferes with the readability of the letters or numbers on the plate or the

name of the state in which the vehicle is registered. This would mean that, subjectively (or in the eyes of the law enforcement person), all illuminated license plate frames - especially the neon ones, are NOT LEGAL.

- A coating, covering, protective material, or other apparatus that:
  - Distorts angular visibility or detectability;
  - Alters or obscures one-half or more of the name of the state in which the vehicle is registered; or
  - Alters or obscures the letters or numbers of the license plate number or the color of the plate.

**For more in depth regulation description visit the Texas Department of Public Safety website.**

### **In Memoriam**

Jerry David Adams, Chapter Director of Chapter M (Mansfield, TX), passed away on September 22, 2021, at 12:24am after a 16-day battle with Covid-19. We wish to extend our sincerest condolences. —*Editor*

## Call for New GWRRA University Instructors

- GWRRA strives to provide world-class instruction to its members through Rider Education on-bike riding courses, Medic First Aid/CPR, and over 50 University seminars and modules. Training in GWRRA is a benefit to all who participate and is a team activity. It's an educational opportunity intended to meet the needs of Chapter, District, and TEAM GWRRA Officers, and the Members.
- With a focus toward superior instructors, a rigorous program of training, demonstration, and coaching was developed. The candidates who successfully complete the Instructor Training and Certification Program (ITCP) are called University Instructors with a single certification and they can present any module.
- Texas has a wealth of experienced, well-trained riders and co-riders. We try to draw from that experience and knowledge to share it with all our membership. With over 1600 members in Texas, the need for more instructors is **great**.
- To help meet this need, we are currently working to provide an ITCP training workshop in Texas. It is a one-day class where you can work with a University Instructor Trainer on the finer points of the teaching process and practice presenting a four-minute segment from a module to the class. The process itself is collaborative, very educational, and enjoyable for all participants.

### Does this sound like something you would like to do? If so, here are the next steps to take:

- There is some prep work to be done and two prerequisites that need to be met by each candidate PRIOR to participating in the ITCP class.
  - o Your GWRRA membership must be current and
  - o You must be a participant in the Rider Ed levels program and be current in whichever level you hold.
- In addition, you need to watch the four videos that are posted on the GWRRA University website <https://gwrradot.com/> and complete a form indicating that you have done so and send it to the University. (The steps you need to follow to accomplish this are listed below.) Once we receive this form, you will be scheduled to participate in a Video Debrief of what you saw on the videos as well as get some additional information as to what to expect at the ITCP class. Successfully completing the Debrief allows the Instructor Trainer who will be conducting your class to email you the password for the documents you will need to bring with you to class.

### Here is the process –

1. Watch the four videos that show some segments of an actual class. These can be found on the GWRRA University website. Go to the GWRRA University Website - gwrradot.com and select the Menu Choice labeled ITCP Training - you will see a drop-down list. From the list, select the item labeled - ITCP Videos - There are four videos on the page. View each video, noting the instructional techniques presented.
2. Next, complete the ITCP Inquiry Form found on the ITCP Training menu. When you fill out the form and submit it, you will get placed on a list for a Video debrief.
3. After we receive a number of forms from the candidates, we will schedule the debrief. It's helpful (but not required) to have multiple candidates on the same video call.
4. Once the candidates have successfully completed the debrief, the instructor for their class will send them the code to access the ITCP Prep materials including a "Student Guide" and associated Study Materials approximately two weeks prior to the date of their ITCP Class. We give the student two weeks of time to become familiar with the Study Guide as well as prepare a four-minute segment of the "Module" to present to the class.
5. A final debrief will review your performance and understanding of the ITCP format. Instructors then work with the District University Coordinator to schedule and present classes – teaching a minimum of 2 every 24 months.

I truly hope you will consider joining our ranks of trained, competent, and dedicated University Instructors. If you have any questions, please don't hesitate to contact us at the address/phone in the masthead above.

Randy and Kathy Reese

# Ride Coordinator

By Sam Belinoski

## How to run-through or try out your ride leading abilities

**Y**ou have decided you would like to try to lead a ride but are not sure how to plan one.

How about sharing the responsibilities with your ride mates?

Schedule your leave time and place as usual. Bring a deck of cards. Low to high card, or high

to low, your choice.

First person goes no more than 30 minutes, then the next card takes over from there.

Keep a direction in mind which leads you towards a lunch or good break point. After a couple of hours, pull out your trusty phone and search a lunch stop in your location (DQ is always nearby).

After lunch, head back to your start point or keep the journey

going. It is all up to the group.

Who knows, you might get to see new places or ride unfamiliar roads, or at least get to practice those U-turns.

Sam Belinoski

## Local Area Chapter Gatherings

Chapter	Location	Meeting Time	Meeting Location	Meeting Day
Chapter G2	Greenville	6:00 PM (Eat) 7:00 PM (Meet)	Buffet Palace 3202 IH-30, Greenville	1st Tuesday

# SHIRT AND HAT SALE

The Chapter has some hats and shirts available. Designs vary a little since they were ordered at different times, but most are a variant of the front and back shown in the picture. The back is the large logo while the front has the G2 designator on the left breast. Let me know if you're interested and I'll bring to a gathering or arrange some other so you can see them or take more detailed pictures.

Jim Wiggins– contact info in the staff section.
