## WORDS FROM THE WIGGINS

Jim and Barbara Wiggins, Chapter Directors

**W**e're meeting in Greenville at the Buffet Palace on October 5th at 6PM and for dinner at Napoli's in Wylie on October 19th.

We had a great turnout at both gatherings in September. George donated and auctioned off a cheesecake at Buffet Palace. David and Shirley won the auction and graciously offered slices to all the attendees. The cheesecake was great since George topped it with homemade grape jelly that Shirley made. All the proceeds from the auction go to pay chapter expenses. We also had a great turnout at Napoli's including new members Jim and Gloria Hysaw. My apologies to Shirley Hale for cutting her out of the included picture taken at Napoli's; it wasn't intentional.

We were busy in September. Barbara and I attended the Kansas District Rally in Independence, Kansas, and the next weekend went to the Oklahoma District Rally in Muskogee, Okla. We thoroughly enjoyed each Rally and commend the GWRRA leadership from each state for their hard work putting on the rally. We were joined by many Texas members at both rallies which made them even more enjoyable.

We rode to the Kansas Rally with the Walkers from Chapter R after meeting them in Durant. The trip was uneventful for the most part except for a fuse blowing on Don's bike late in the trip. Luckily, the cause was evident, and Don found and fixed the problem quickly after we arrived at Independence. The rally included games, raffles, and other activities to keep us busy.

The next weekend we rode to the Oklahoma Rally in Muskogee. Jeff

joined us in Durant for this ride. Jeff was slightly ahead of us on his way to Durant and witnessed a wreck just a couple of vehicles in front of him. Luckily, the debris from the wreck missed him and he continued to the meeting place. Unfortunately, Barb and I got caught in the traffic jam from the wreck, so we were about 20 minutes late. Ross was able to join us at the rally but came a day later. A group from Chapters M, P and R left a day earlier to take advantage of the free rider course put on by the Oklahoma Highway Patrol.

See [Texas 2020 Rally \(gwr-ra-tx.org\)](http://www.gwr-ra-tx.org) for more information about upcoming rallies.

The **Texas District Rally** will be at the YO Ranch in Kerrville on April 28-30th but is planned to be a complete rally instead of a Ride-in. More information and registration form are available at [GWRRA TEXAS District Rally 2022.pdf \(gwr-ra-tx.org\)](http://www.gwr-ra-tx.org). (Note: See rally flyer and form in this newsletter. —*Editor*)

# Rider Education Corner

Leo Smith, Jr.

## Oh Say, Can You SEA

**O**f course you can! AND you can also help your chapter members with increasing their skills and knowledge by stepping up to the plate and becoming your Chapter's Skill Enhancement Advisor. Right now only about 10% of the chapters nationwide have this position filled. Your help is greatly needed to help us all. By working with the District Educator and the District University Coordinator we can find instructors to meet your chapter's needs. Whether it be courses needed to advance in the Levels Program such as rider or co-rider courses, CPR, First Aid or courses related to specific riding skills, leadership topics, fostering better relationships for a more cohesive chapter, communication skills etc. GWRRA has numerous classes to offer. An extensive list can be found at [gwrradot.com](http://gwrradot.com), click Forms/Guides, then click Printable Class List.

The CSEA does not have to be the instructor. Instructors are certified through the GWRRA University and must meet certain requirements before being allowed to present. However, if you would like to become an instructor see the article in this newsletter by Randy Reese our District University Coordinator (DUC) for more information.

The following is a description of the CSEA position:

### CHAPTER SKILL ENHANCEMENT ADVISOR

The role of Chapter Skill

Enhancement Advisor (CSEA) is to proactively support Member/Participant by providing them with information they can consider on ways to become skilled, prepared and safer riders and co-riders.

#### Encouraged Responsibilities

- Serve as an example by being actively engaged in the Levels Program.
- Monthly, or as often as possible and weather permitting based on Members interest, put on an on-bike skills day with skill practice, bike games for riders and co-riders.
- Team with the Chapter Ride Coordinator to promote the importance of best riding practices at chapter gatherings, rides and events.
- Utilize the quarterly Chapter Levels Report provided by the District Educator to support the Members and assist them in achieving milestones and earning recognition.
- Communicate directly with the District Educator to advocate for classes and courses to serve any chapter participant with an interest in progressing in the levels program, becoming a more proficient rider and being better prepared to respond to emergency situations.

#### Qualifications and Skills

The Chapter Skill Enhancement Advisor:

- Is not an officer; and the position is not mandatory.
- Has a basic knowledge of the GWRRA Rider Education Program

- Is appointed by the Chapter Director
- Is interviewed by the District Educator
- Completes a Confidentiality Agreement
- Is a current Level II Rider or Co-Rider
- Receives guidance and support from the District Educator
- Communicates with the District Educator directly, keeping the Chapter Director in the loop to assure the needs of the chapter participants are met. Remember, the Chapter Skill Enhancement Adviser is an active participant on the Chapter staff and primary direction comes from the Chapter Director
- Does not have access to the RE database and relies on the District Educator for the information.

Goal: To provide the membership with the basic support needed to participate meaningfully and successfully in the GWRRA Rider Education Program at the Chapter level.

Developed by Susan Huttman-Director RE Program Approved by GWRRA August 28, 2019

So you SEA- not a hard task; more hands on deck can make the workload much easier. I'm sure your Chapter Director would appreciate the extra help, and we look forward to working with you to get things flowing again.

## Call for New GWRRA University Instructors

- GWRRA strives to provide world-class instruction to its members through Rider Education on-bike riding courses, Medic First Aid/CPR, and over 50 University seminars and modules. Training in GWRRA is a benefit to all who participate and is a team activity. It's an educational opportunity intended to meet the needs of Chapter, District, and TEAM GWRRA Officers, and the Members.
- With a focus toward superior instructors, a rigorous program of training, demonstration, and coaching was developed. The candidates who successfully complete the Instructor Training and Certification Program (ITCP) are called University Instructors with a single certification and they can present any module.
- Texas has a wealth of experienced, well-trained riders and co-riders. We try to draw from that experience and knowledge to share it with all our membership. With over 1600 members in Texas, the need for more instructors is **great**.
- To help meet this need, we are currently working to provide an ITCP training workshop in Texas. It is a one-day class where you can work with a University Instructor Trainer on the finer points of the teaching process and practice presenting a four-minute segment from a module to the class. The process itself is collaborative, very educational, and enjoyable for all participants.

### Does this sound like something you would like to do? If so, here are the next steps to take:

- There is some prep work to be done and two prerequisites that need to be met by each candidate PRIOR to participating in the ITCP class.
  - o Your GWRRA membership must be current and
  - o You must be a participant in the Rider Ed levels program and be current in whichever level you hold.
- In addition, you need to watch the four videos that are posted on the GWRRA University website <https://gwrradot.com/> and complete a form indicating that you have done so and send it to the University. (The steps you need to follow to accomplish this are listed below.) Once we receive this form, you will be scheduled to participate in a Video Debrief of what you saw on the videos as well as get some additional information as to what to expect at the ITCP class. Successfully completing the Debrief allows the Instructor Trainer who will be conducting your class to email you the password for the documents you will need to bring with you to class.

### Here is the process –

1. Watch the four videos that show some segments of an actual class. These can be found on the GWRRA University website. Go to the GWRRA University Website - gwrradot.com and select the Menu Choice labeled ITCP Training - you will see a drop-down list. From the list, select the item labeled - ITCP Videos - There are four videos on the page. View each video, noting the instructional techniques presented.
2. Next, complete the ITCP Inquiry Form found on the ITCP Training menu. When you fill out the form and submit it, you will get placed on a list for a Video debrief.
3. After we receive a number of forms from the candidates, we will schedule the debrief. It's helpful (but not required) to have multiple candidates on the same video call.
4. Once the candidates have successfully completed the debrief, the instructor for their class will send them the code to access the ITCP Prep materials including a "Student Guide" and associated Study Materials approximately two weeks prior to the date of their ITCP Class. We give the student two weeks of time to become familiar with the Study Guide as well as prepare a four-minute segment of the "Module" to present to the class.
5. A final debrief will review your performance and understanding of the ITCP format. Instructors then work with the District University Coordinator to schedule and present classes – teaching a minimum of 2 every 24 months.

I truly hope you will consider joining our ranks of trained, competent, and dedicated University Instructors. If you have any questions, please don't hesitate to contact us at the address/phone in the masthead above.

# Thoughts From An Older Rider

By Joe Piland, Chapter R

**A** while back the Texas District Director, Dan Rymarz, asked me if I would be willing to put down some of my thoughts about my riding history and my thoughts as to why I am still riding at the “older”, (not “old”) age of 88 along with my wife of 86. I am not an especially talented writer, but how do you say “no” to someone like Dan and his wife, Donna who are working so hard to rejuvenate and strengthen our District.

I started riding in the late 60’s more for the practicality than the fun aspect of riding. I was in graduate school at Illinois State University. Some of you may be old enough to remember how crowded Universities were and how scarce parking spaces were. I purchased a Vespa Grand Sport scooter that met the commuting needs, and allowed me to park about anywhere I wanted on campus. It also became a fun vehicle which my then wife and two small children enjoyed. Yes, we all four rode it at the same time. Upon graduation other priorities and responsibilities put riding on hold for a few years. When my two young sons became interested in motorcycles I was opposed. While visiting a motorcycle dealer I made the comment that they would have to wait until they were old enough to buy their own bike, that I was not going to buy one for them. This dealer talked to me on the side and told me that it had been his experience that when the opportunity to ride was stifled that the son would often wait until they were an older teen or adult, then they would buy a bike that was too big (fast) for them and that he could predict that the bike would be back in his shop within two months due to an accident. He recommended that I

purchase a used bike that was too big for them to legally ride on the highway, but small enough for them to handle and let them ride off road. After purchasing a street legal Honda they rode it on my farm, and I rode on the streets.

Again, after new work responsibilities I gave up riding. After I retired, one of my adult sons purchased a new Honda ST 1100. He rode it from his home in Tulsa, Ok to my home in Hot Springs Village, AR while his family came in the family car. On the day they needed to go home it was raining. He decided to go home with the family in the car and leave the bike with me, and told me to ride it--that did it! I had the bug! I remembered that Vespa and thought a scooter would be appropriate for an old man in his early 70’s. So, I bought a Honda Reflex 250 scooter. I enjoyed this bike for a while and was amazed at what it would do, but a new Silverwing 600 scooter found its way into my garage. I just about covered the whole state of Arkansas with it. Next came my current Gold Wing 1800.

Undoubtedly, the highlight of my riding experiences was the 4 day trips I had separately with each of my two grandsons when they were teenagers. We toured northern Arkansas. I purchased a new Honda Shadow 650 for them to ride while I was still on my Silverwing. They couldn’t stand to be seen on a scooter, but both told me that it was difficult to stay up with the scooter, and they were “pegging” the curves. At the end of the ride one of them thanked me for the ride, saying, “Thanks for the ride, Granddad. Not many kids have a 75 year old granddad who takes them on a 4 day

motorcycle ride”. I cherish those times!

Is the Gold Wing too big and heavy for a man who is 88 years old, soon to be 89, and his 86 year old wife? Or, would they fit better on a new 2022 with an automatic transmission? Does it make sense that I buy a new bike that should take me to the end of my riding career? One of my sons is encouraging me to get it. The other has not said anything. How much longer will I be able to handle a Wing. I do not know, and I don’t trust anyone else to tell me. What I do know is that I still enjoy riding with my friends in Texas Chapter R. My wife and I rode with them to Wing Ding a 450 mile ride in one day (With some rain mixed in). Last fall we made a solo trip to the Texas hill country for 4 days. We have our reservations for the Chapter R Fall Ride to Oklahoma and Arkansas, and who knows what else may come along in addition to the Chapter rides.

I know that I am not as strong as I used to be, and that the reflexes of an 88 year old are not as sharp as one who is 22. I dare not ride as aggressively as I once did. I have dropped the Wing a few times from a stop (3 times in the last two years). I have had no moving accidents but need to be careful and cautious, and I need to be honest with myself so that I know when it is time for something different. But for now, I thoroughly enjoy riding and am fortunate that my wife is willing to ride with me. God has been more than good to me over my 88 years, and I intend to remain active and engaged as long as I am able. I am “older” but, I’m not “old”. God willing, “I’ll see you down the road”.

# Ride Coordinator

By Sam Belinoski

How to enjoy a poker run with your chapter!

Many of us have enjoyed a poker run or two during our riding adventures at some point.

How about putting one together for your next chapter ride?

The plan should be simple:

1. Create a sheet for the number of folks planning to attend.
2. Bring a deck of cards
3. Make it a simple game of five card stud. No buying of extra

cards.

4. Have folks draw a card (or two, depending on the length of the ride) at the start, any stops, and lunch.
5. Have the chapter offer up a fun \$10 gift card (did someone say DQ?) for the winner.
6. Announce the winner before the group splits up to go home. In case of a tie, rock/paper/scissor or a coin flip

can determine the outcome.

To add even more amusement during lunch, have everyone bring one quarter to the table. The LAST person to be served lunch gets all the quarters.

Do you have any other fun or creative ways to enjoy a ride? Share what you know!
